

BARBERING, ASSOCIATE IN APPLIED SCIENCE

College(s): TR

Program Code: 0462

The Associate in Applied Science degree in Barbering offers students an opportunity to gain industry knowledge and practice in haircutting/shaping, razor shaving, styling, creative and graphic designs, chemical services, skincare, and nailcare. Additionally, students will acquire information about operating and owning a business to best prepare them to assume key consulting positions within the industry and to successfully own and manage their own barbershop. Training with live models and consultation with industry professionals are highlights of the program in emphasizing a myriad of career opportunities in the field. Required proficiency exams and exam preparation/reviews are part of the program in meeting the Illinois Department of Professional Regulation (IDFPR) standards. All discipline courses are taught by licensed teaching staff, using standard industry equipment, approved facilities, and quality course content that meets industry requirements.

In the Barbering AAS degree program, students will also complete general education courses that include English composition, mathematics, computer information science, and business courses. Additional elective coursework may cover topics in art or theater art to enhance visual acuity and perception in executing hair design, razor shaving and styling.

Program Requirements

Code	Title	Hours
